## Safeguarding Sunday this weekend.

Safeguarding is all the things we do to ensure that children and vulnerable adults are protected from harm. We wish to encourage and promote the participation of children, young people and vulnerable adults in the life and work of our parish. Safeguarding is about creating an environment which facilitates such involvement so that all of us who are members of this parish community can grow together in love of God and service to his Church. Everyone who ministers in the parish is a representative of the Church and must observe safeguarding practices and guidelines. Good safeguarding practice is part of what it is to minister in the Church.

Dealing with the Covid pandemic has, and continues to challenge us as a parish. What were normal practices twelve months ago are very different today, as we look for different ways to engage with parishioners, especially children, young people and vulnerable adults. We must maintain our safeguarding practices so as to ensure the safety and inclusion of all our parishioners.
